

The Kean Hall Renovation and Addition

Kean University, Union, NJ

Project Construction Cost:
\$9.5 M

Consulting MEP/FP Engineer:
Luongo Associates, P.A.

Project Highlights:

This \$9.5 M project includes restoration, renovations and additions to the 150 year old historic Kean Hall for use as the Administrative centerpiece on campus (including Admissions, Presidents Office and Board Room, Alumni, VP of Admin and Finance Offices, Provost and main Conference Center) – the building mechanical / electrical infrastructure was fully rebuilt and the project features a Geothermal ground source heat pump system.
