

## Toms River Regional Schools

Toms River, NJ

### Project Description:

Over the past 13 years we have provided MEP/FP designs for \$85.0M in total construction cost for several projects for the Toms River Board of Education including the new 195,000 sqft Intermediate School South, and major additions at High School North (including the Pine Belt Arena, Media Center and "F" academic wing) as well as various additions and alternations at (7) other district schools.

### Consulting MEP/FP Engineer:

Luongo Associates, P.A
