

## University of Medicine and Dentistry New Academic Building / Wellness Center Stratford, NJ

Project Construction Cost:  
\$18.0 M

### Project Description:

This project consisted of construction of a new Academic Center which is now the anchor building in the evolving UMDNJ Stratford Campus – the mechanical systems for this project included innovative use of heat recovery. The building includes the Campus Library facility, food service, academic support spaces, the wellness center including human performance labs, academic classrooms, teaching laboratories, gross anatomy lab, administrative offices, auditorium, multi-use assembly space and three story atrium.

Consulting MEP/FP Engineer:  
Luongo Associates, P.A.
